1 Identification of the substance/mixture and of the company/undertaking

- **Trade name:** Stopaq Wrappingband EZ
- **Article number:** 6401, 6402, 6404, 6406
- **Sector of Use**
  - SU22: Professional uses: Public domain (administration, education, entertainment, services, craftsmen)
- **Application of the substance / the preparation**
  - Corrosion preventing coating

2 Hazards identification

- **Classification of the substance or mixture**
  - **Classification according to Regulation (EC) No 1272/2008**
    - The product is not classified according to the CLP regulation.
  - **Classification according to Directive 67/548/EEC or Directive 1999/45/EC**
    - Not applicable.
- **Information concerning particular hazards for human and environment:**
  - The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.
- **Classification system:**
  - The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

3 Composition/information on ingredients

- **Chemical characterization:** Mixtures
- **Description:** Mixture of substances listed below with nonhazardous additions.
- **Dangerous components:** Void
- **Additional information:** For the wording of the listed risk phrases refer to section 16.

4 First aid measures

- **Description of first aid measures**
- **General information:** No special measures required.
- **After inhalation:** Supply fresh air; consult doctor in case of complaints.
- **After skin contact:**
  - After contact with the heated product:
    - Keep cool with water until medical assistance has arrived
  - (Contd. on page 2)
Trade name: Stopaq Wrappingband EZ

Call a doctor immediately.
Do not pull solidified product off the skin.
Cover wound with a sterile dressing.

After eye contact:
In case of contact with the molten product:
Flush eyes with cold water and continue flushing until medical assistance has arrived
Call a doctor immediately.

After swallowing:
If symptoms persist consult doctor.

Information for doctor:

Most important symptoms and effects, both acute and delayed
No further relevant information available.

Indication of any immediate medical attention and special treatment needed
No further relevant information available.

5 Firefighting measures

Extinguishing media
Suitable extinguishing agents:
CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Special hazards arising from the substance or mixture
Carbon monoxide (CO)
Carbon dioxide (CO2)

Advice for firefighters
Protective equipment:
Wear self-contained respiratory protective device.
Wear fully protective suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures
Not required.

Environmental precautions:
Do not allow to enter sewers/ surface or ground water.

Methods and material for containment and cleaning up:
Pick up mechanically.

Reference to other sections
No dangerous substances are released.
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7 Handling and storage

Handling:
Precautions for safe handling
No special measures required.

Information about fire - and explosion protection
No special measures required.

Conditions for safe storage, including any incompatibilities

Storage:
Requirements to be met by storerooms and receptacles
No special requirements.

Information about storage in one common storage facility
Not required.

Further information about storage conditions
None.

Specific end use(s)
No further relevant information available.

8 Exposure controls/personal protection

Additional information about design of technical facilities
No further data; see item 7.

Control parameters
Ingredients with limit values that require monitoring at the workplace:
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
35.0

— Additional information: The lists valid during the making were used as basis.

— Exposure controls
— Personal protective equipment:
— General protective and hygienic measures:
The usual precautionary measures are to be adhered to when handling chemicals.
— Respiratory protection: Not required.
— Protection of hands:
No chemical-protective gloves required.
To avoid small injuries, use gloves that protect against cutting from sharp edges of the release foil.
The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.
Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

— Material of gloves
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and
varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of
the glove material can not be calculated in advance and has therefore to be checked prior to the application.

— Penetration time of glove material
The exact break through time has to be found out by the manufacturer of the protective gloves and has to be
observed.
— Eye protection: Not required.

9 Physical and chemical properties

— Information on basic physical and chemical properties
— General Information
— Appearance:
  Form: Solid
  Colour: Light green
  Odour: Characteristic
  Odour threshold: Not determined.
— pH-value: Not applicable.
— Change in condition
  Melting point/Melting range: Undetermined.
  Boiling point/Boiling range: Undetermined.
— Flash point: Not applicable.
— Flammability (solid, gaseous): Not determined.
— Ignition temperature: 340°C
— Decomposition temperature: Not determined.
— Self-igniting: Product is not selfigniting.
— Danger of explosion: Product does not present an explosion hazard.
— Explosion limits:
  Lower: Not determined.
  Upper: Not determined.
— Vapour pressure: Not applicable.
— Density at 20°C: 1.5 g/cm²
— Relative density Not determined.
— Vapour density Not applicable.
— Evaporation rate Not applicable.
35.0

—

Solubility in / Miscibility with water:
Insoluble.

—

Segregation coefficient (n-octanol/water):
Not determined.

—

Viscosity:
Dynamic: Not applicable.
Kinematic: Not applicable.

—

Solvent content:
Organic solvents: 0,0 %
VOC (EC): 0,00 %
Other information: No further relevant information available.

10 Stability and reactivity

—

Reactivity

—

Chemical stability

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
Possibility of hazardous reactions: No dangerous reactions known.
Conditions to avoid: No further relevant information available.
Incompatible materials: No further relevant information available.
Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

—

Information on toxicological effects

—

Acute toxicity:
Primary irritant effect:
on the skin: No irritant effect.
on the eye: No irritating effect.

Sensitization: No sensitizing effects known.

Additional toxicological information:
The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version.
When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

12 Ecological information

—

Toxicity

Aquatic toxicity: No further relevant information available.
Persistence and degradability:
This product is according to previous experiences inert and non-degradable.

Behaviour in environmental systems:
Bioaccumulative potential: No further relevant information available.
Mobility in soil: No further relevant information available.

Additional ecological information:
General notes:
Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Results of PBT and vPvB assessment

PBT: Not applicable.
vPvB: Not applicable.
Other adverse effects: No further relevant information available.
13 Disposal considerations

- **Waste treatment methods**
  - **Recommendation**
    Dispose safely in accordance with local and national legislations
    Smaller quantities can be disposed of with household waste.

- **Uncleaned packaging**:
  - **Recommendation**: Disposal must be made according to official regulations.

14 Transport information

- **UN-Number**
  - ADR, ADN, IMDG, IATA: Void

- **UN proper shipping name**
  - ADR, ADN, IMDG, IATA: Void

- **Transport hazard class(es)**
  - ADR, ADN, IMDG, IATA: Void

- **Packing group**
  - ADR, IMDG, IATA: Void

- **Environmental hazards**:
  - Marine pollutant: No

- **Special precautions for user**
  - Not applicable.

- **Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code**
  - Not applicable.

- **UN "Model Regulation"**: -

15 Regulatory information

- **Chemical safety assessment**: A Chemical Safety Assessment has not been carried out.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

- **Department issuing MSDS**: Product safety department
- **Contact**: Stopaq b.v.
- **Abbreviations and acronyms**:
  - ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)
  - IMDG: International Maritime Code for Dangerous Goods
  - IATA: International Air Transport Association
  - GHS: Globally Harmonized System of Classification and Labelling of Chemicals
  - VOC: Volatile Organic Compounds (USA, EU)
- **Data compared to the previous version altered.**
